## EDUCATION

---

### MIT-ADT

Information Technology Engineering B.Tech

- 7.2CGPA

Pune

Sep2019-May2022

### AISSMS

Information Technology Diploma

- 72.35% from MSBTE

Pune

Sep2016-May2019

### J.N.Petit

- 71% from secondary school certificate(SSC) 10<sup>th</sup> grade

Pune

March2014-May2016

## WORK EXPERIENCE

---

### Yardi Softwares

Intern

Pune

Jan 2022 – Current

- Built a **robust sql** query to support the real-estate software management software website.
- **Learned** about complex sql queries.
- **Taught** myself C# in order to solve the bugs inside the software.
- **Learned** more about the MVC architecture and implemented it.
- **Developed and maintained** real-estate software management software

## Projects

---

**Sentimental Analysis using BERT** | Machine Learning, DeepLearning

Aug 2021 – Current

- Intensive research is done on deep learning and research on NLP models like LSTM.
- Used VADER, FLAIR, and TEXTBLOB library of python to improve the accuracy of the model.
- Research and implemented the BERT model.

**Project Workbook App** | Java, XML, Adobe XD

Jan 2020 – June 2020

- Project Workbook app is useful for tracking the progress of the project and it is useful for students of any field.
- Developed and maintained modules of the project workbook App using Java.
- Learned and explored new things in android development.
- Implemented data synchronization with the help of Firebase's real-time database.

## SKILLS & INTERESTS

---

**Skills:** C++, Java, SQL, Adobe XD, HTML.

**Platform Skills:** VS Code 2019, Android Studio, VS Code, Github

**Interests:** Cricket, Hiking, Cycling.
